

## Recall Summary – European Toys

*Published: 04/12/2018*

*RAPEX notification (Nov 2018)*

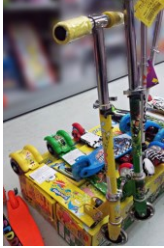

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1604/18	Finland	<b>Wooden toy rattle</b>  Country of origin: <b>China</b>		<b>Choking</b> The ears and head on the top of the rattle can easily detach. A small child may put them in the mouth and choke. The size and shape of the rattle may also cause choking.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Removal of the products from the online marketplace
A12/1609/18	France	<b>Toy Slime</b>  Country of origin: <b>China</b>		<b>Chemical</b> The migration of boron from the toy slime is too high (measured value: up to 4,263 mg/kg). Ingestion or contact with an excessive quantity of boron may harm the health of children by damaging the reproductive system.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-3.	Recall of the product from end users; Withdrawal of the product from the market
A12/1617/18	Czech Republic	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value up to 26% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/1619/18	Poland	<b>Plastic rattle</b>  Country of origin: <b>China</b>		<b>Cuts</b> The toy has sharp edges. If a child plays with the product they may cause cuts.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1620/18	Poland	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic of the doll's head contains (2-ethylhexyl) phthalate (DEHP) (measured value: 26% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1623/18	Germany	<b>Toy police set</b>  Country of origin: <b>Unknown</b>		<b>Choking</b> The suction cups can easily be detached from the projectiles. If a child puts the projectile in the mouth, the suction cup may detach and obstruct the airways.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1625/18	Denmark	<b>Squeezable toy</b>  Country of origin: <b>Unknown</b>		<b>Chemical</b> The product contains the substances N,N-dimethylformamide, N,N-dimethyl-aminoethanol, cyclohexanone, triethylenediamine, bis (2-(dimethylamino) ethyl) ether and 1,1,4,7,7-pentamethyl-diethylenetriamine. There is a risk of eye and mucous membrane irritation and of liver damage.  The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users; Withdrawal of the product from the market
A12/1626/18	Denmark	<b>Squeezable toy</b>  Country of origin: <b>Unknown</b>		<b>Chemical</b> The product contains the substances N,N-dimethylformamide, N,N-dimethyl-aminoethanol, cyclohexanone, triethylenediamine, bis (2-(dimethylamino) ethyl) ether and 1,1,4,7,7-pentamethyl-diethylenetriamine. There is a risk of eye and mucous membrane irritation and of liver damage.  The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users; Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1627/18	Denmark	<b>Squeezable toy</b>  Country of origin: <b>Unknown</b>		<b>Chemical</b> The product contains the substances N,N-dimethylformamide, cyclohexanone, triethylenediamine, 1,1,4,7,7-pentamethyl-diethylenetriamine and xylenes. There is a risk of eye and mucous membrane irritation, of liver damage and of effects on the nervous system.  The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users; Withdrawal of the product from the market
A12/1628/18	Denmark	<b>Squeezable toy</b>  Country of origin: <b>Unknown</b>		<b>Chemical</b> The product contains the substances dimethylformamide, dimethyl-aminoethanol, cyclohexanone, triethylenediamine and bis (2-(dimethylamino) ethyl) ether. There is a risk of eye and mucous membrane irritation and of liver damage.  The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users; Withdrawal of the product from the market
A12/1629/18	Denmark	<b>Squeezable toy</b>  Country of origin: <b>Unknown</b>		<b>Chemical</b> The product contains the substances N,N-dimethylformamide, N,N-dimethyl-aminoethanol, cyclohexanone and triethylenediamine. There is a risk of eye and mucous membrane irritation and of liver damage.  The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users; Withdrawal of the product from the market
A12/1630/18	Denmark	<b>Squeezable toy</b>  Country of origin: <b>Canada</b>		<b>Chemical</b> The product contains the substances N,N-dimethylformamide, N,N-dimethyl-aminoethanol, cyclohexanone, triethylenediamine, bis (2-(dimethylamino) ethyl) ether and 1,1,4,7,7-pentamethyl-diethylenetriamine. There is a risk of eye and mucous membrane irritation as well as liver damage.  The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users; Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1632/18	Denmark	<b>Squeezable toy</b>  Country of origin: <b>China</b>		<b>Chemical</b> The product contains the substances dimethylformamide, dimethyl-aminoethanol, cyclohexanone, triethylenediamine and bis (2-(dimethylamino) ethyl) ether. There is a risk of eye and mucous membrane irritation and of liver damage.  The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users; Withdrawal of the product from the market
A12/1633/18	Austria	<b>Toy Slime</b>  Country of origin: <b>Germany</b>		<b>Chemical</b> The migration of boron from the toy slime is too high (measured value up to 6,799 mg/kg). Ingestion or contact with an excessive quantity of boron may harm the health of children by damaging the reproductive system.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-3.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1634/18	Denmark	<b>Squeezable toy</b>  Country of origin: <b>Unknown</b>		<b>Chemical</b> The product contains the substances dimethylformamide, cyclohexanone, triethylenediamine and 1,1,4,7,7-pentamethyl-diethylenetriamine as well as xylenes. There is a risk of eye and mucous membrane irritation, liver damage and effects to the nervous system.  The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users; The product listing has been removed from the online marketplace
A12/1635/18	Denmark	<b>Squeezable toy</b>  Country of origin: <b>Unknown</b>		<b>Chemical</b> The product contains the substances N,N-dimethylformamide, N,N-dimethyl-aminoethanol, cyclohexanone and triethylenediamine. There is a risk of eye and mucous membrane irritation and of liver damage.  The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users; The product listing has been removed from the online marketplace

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1636/18	Denmark	<b>Squeezable toy</b>  Country of origin: <b>China</b>		<b>Chemical</b> The product contains the substances N,N-dimethylformamide, N,N-dimethyl-aminoethanol, cyclohexanone and triethylenediamine. There is a risk of eye and mucous membrane irritation and of liver damage.  The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users; The product listing has been removed from the online marketplace
A12/1644/18	Cyprus	<b>Toy Scooter</b>  Country of origin: <b>China</b>		<b>Injuries</b> The front wheel is too small and could get stuck if ridden over holes in the ground. This may cause the child to fall and suffer injuries.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1647/18	Czech Republic	<b>Musical toy</b>  Country of origin: <b>China</b>		<b>Chemical</b> The microphone cable contains di-2-ethylhexyl phthalate (DEHP) (measured value 2.9% by weight), dibutyl phthalate (DBP) (measured value: 0.8% by weight) and diisononyl phthalate (DINP) (measured value: 1.8% by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system or the liver.  The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/1648/18	Poland	<b>Plastic rattle</b>  Country of origin: <b>China</b>		<b>Choking, cuts</b> The toy's handle is too long and the toy has sharp edges. A child may put the handle in the mouth where it could get stuck and obstruct the airways. The sharp edges of the toy may cause cuts.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1649/18	Poland	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 12,6% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1650/18	Poland	<b>Plastic pony</b>  Country of origin: <b>China</b>		<b>Chemical</b> The toy contains 2-ethylhexyl phthalate (DEHP) (measured value: 15.3% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1653/18	Slovenia	<b>Plastic doll set</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: 27.2% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Recall of the product from end users
A12/1654/18	Cyprus	<b>Push-along toy</b>  Country of origin: <b>China</b>		<b>Choking</b> The plastic toy breaks easily, releasing small parts. A small child may put the small parts in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market (By: <b>Importer</b> )

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1655/18	Hungary	<b>Plastic pony</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the toy contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: 29% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Recall of the product from end users; Withdrawal of the product from the market
A12/1656/18	Hungary	<b>Plastic doll set</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 36% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Recall of the product from end users; Withdrawal of the product from the market
A12/1666/18	Czech Republic	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: 17.5% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/1668/18	United Kingdom	<b>Crayon with caps</b>  Country of origin: <b>China</b>		<b>Choking</b> The caps on the crayons have no ventilation holes. Children might put them in the mouth where the caps could block the airways or cause choking.  The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1669/18	Finland	<b>Putty</b>  Country of origin: <b>China</b>		<b>Chemical</b> The migration of boron from the putty is too high (measured value up to 2,500 mg/kg). Ingestion or contact with an excessive quantity of boron may harm the health of children by damaging the reproductive system.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-3.	Ban on the marketing of the product and any accompanying measures
A12/1673/18	Cyprus	<b>LED balloons</b>  Country of origin: <b>China</b>		<b>Chemical</b> The button batteries are easily accessible. As a consequence, they could be swallowed by children causing damage to internal organs including the oesophagus and the stomach.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standards EN 62115.	Withdrawal of the product from the market
A12/1674/18	Cyprus	<b>Plastic toy</b>  Country of origin: <b>China</b>		<b>Choking</b> A small part can easily detach from the toy. A small child may put the small part in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1675/18	Cyprus	<b>Shooting playset</b>  Country of origin: <b>China</b>		<b>Choking</b> The foam projectiles can break easily, generating short darts with suction cups. A child playing with the toy can put the projectile in his/her mouth in order to wet it before shooting. If the projectile breaks, it creates small parts which may be swallowed or inhaled, blocking the airways and cause choking.  The product does not comply with the requirements of the Toy Safety Directive or the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: <b>Importer</b> )

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1676/18	Cyprus	<b>Plastic horse and carriage</b>  Country of origin: <b>China</b>		<b>Choking</b> Small parts can easily detach from the toy. A small child may put one of these small parts in the mouth and choke.  The toy does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1677/18	Cyprus	<b>Plastic horse and carriage</b>  Country of origin: <b>China</b>		<b>Choking</b> The toy includes small parts. A small child may put them in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1678/18	Cyprus	<b>Plastic musical toy</b>  Country of origin: <b>China</b>		<b>Choking</b> The toy can easily break, releasing small parts. A child may put the small parts in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1679/18	Cyprus	<b>Push-along toy</b>  Country of origin: <b>China</b>		<b>Choking</b> The toy can easily break, releasing small parts. A small child may put the small parts in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1680/18	Belgium	<b>Squeezable toy</b>  Country of origin: <b>China</b>		<b>Choking</b> Small parts can easily be detached from the toy. A small child may put one of them in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users (By: <b>Importer</b> )

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1681/18	Cyprus	<b>Wooden puzzle</b>  Country of origin: <b>China</b>		<b>Choking</b> The small red pegs can easily be detached from the puzzle pieces, generating small parts. A child may put the small parts in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and with the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1683/18	Cyprus	<b>Plastic ball</b>  Country of origin: <b>China</b>		<b>Choking</b> Small parts can easily be detached from the toy. A small child may put one of these small parts in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1684/18	Cyprus	<b>Musical toy</b>  Country of origin: <b>China</b>		<b>Choking</b> Small parts can easily be detached from the toy. A small child may put one of these small parts in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1688/18	Poland	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 8.7% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Destruction of the product

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1690/18	Poland	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 16.4% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Destruction of the product
A12/1691/18	Poland	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 2.3% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Destruction of the product
A12/1692/18	Poland	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 11.9% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Destruction of the product
A12/1693/18	Poland	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 6.4% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Destruction of the product

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1694/18	Hungary	<b>Plastic doll with accessories</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 31% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Recall of the product from end users; Withdrawal of the product from the market
A12/1695/18	Hungary	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 29% by weight) and di-butyl phthalate (DBP) (measured value: 0.84% by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system  The product does not comply with the REACH Regulation.	Recall of the product from end users; Withdrawal of the product from the market
A12/1696/18	Hungary	<b>Inflatable swim ring</b>  Country of origin: <b>China</b>		<b>Chemical</b> The valve of the swim ring contains di(2-ethylhexyl) phthalate (DEHP) (measured value: 24% by weight) and di-'isononyl' phthalate (DINP) (measured value: 0.16% by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system or the liver.  The product does not comply with the REACH Regulation.	Recall of the product from end users; Withdrawal of the product from the market
A12/1700/18	Hungary	<b>Activity play mat</b>  Country of origin: <b>Austria</b>		<b>Choking</b> The seams of the textile toys connected to the arch can tear and small parts inside can become accessible. Small children could put the small parts in the mouth and choke on them.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users; Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1708/18	Poland	<b>Toy rifle set</b>  Country of origin: <b>China</b>		<b>Choking</b> The suction cup of the projectile can easily detach. If a child puts the projectile in the mouth, the suction cup could detach and obstruct the airways.  The product does not comply with the requirements of the Toy Safety Directive or the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1709/18	Poland	<b>Toy gun set</b>  Country of origin: <b>China</b>		<b>Choking</b> The foam projectiles can break easily, generating small parts including suction cups. A child playing with the toy may put the projectile in his/her mouth in order to wet it before shooting. If it breaks, the small parts could be swallowed or inhaled, blocking the airways and causing choking.  The product does not comply with the requirements of the Toy Safety Directive or the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1725/18	Poland	<b>Push-along toy</b>  Country of origin: <b>China</b>		<b>Choking, Cuts, Suffocation</b> Small parts can detach from the toy and it has sharp edges. The plastic bag of the packaging is too thin. A child may swallow the small parts which may cause choking. The sharp edges of the toy may cause cuts. If a child plays with the packaging, the plastic can cover the mouth and nose, causing the child to suffocate.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1	Withdrawal of the product from the market
A12/1726/18	Hungary	<b>Soft toy</b>  Country of origin: <b>China</b>		<b>Choking</b> The plastic nose and the suction cup can easily detach from the soft toy, generating small parts. In addition, the fibrous stuffing material of the toy is easily accessible due to the weakness of certain seams. A small child may put the small parts or the stuffing material in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users; Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1730/18	Cyprus	<b>Musical toy</b>  Country of origin: <b>China</b>		<b>Choking</b> Small parts can easily be detached from the toy. A small child may put the small parts in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1731/18	Cyprus	<b>Musical toy</b>  Country of origin: <b>China</b>		<b>Choking</b> The toy can easily break generating small parts. A child may put the small parts in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1733/18	Cyprus	<b>Set of toy cars</b>  Country of origin: <b>China</b>		<b>Injuries</b> The kinetic energy of the launcher is too high. This could cause injuries, including to the eyes.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market
A12/1736/18	Cyprus	<b>Musical toy</b>  Country of origin: <b>China</b>		<b>Choking</b> Small parts can easily be detached from the toy. A small child may put the small parts in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1744/18	Austria	<b>Toy shooting set</b>  Country of origin: <b>China</b>		<b>Choking</b> The suction cups can easily detach. If a child puts the arrow in the mouth, the suction cup could detach and obstruct the airways.  The product does not comply with the requirements of the Toy Safety Directive or the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1745/18	Hungary	<b>Toy pushchair</b>  Country of origin: <b>China</b>		<b>Injuries</b> The pushchair has only one safety lock, is not sufficiently resistant to load and can easily collapse. A child sitting in the pushchair may therefore fall to the ground.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users; Withdrawal of the product from the market
A12/1747/18	Hungary	<b>Toy baby-walker</b>  Country of origin: <b>China</b>		<b>Injuries</b> The locking device of the toy does not work properly. The space between the moving elements is insufficient. The toy baby-walker could consequently collapse during use, causing injuries.  The product does not comply with the requirements of the Toy Safety Directive and with the relevant European standard EN 71-1.	Recall of the product from end users; Withdrawal of the product from the market
A12/1748/18	Hungary	<b>Toy highchair</b>  Country of origin: <b>China</b>		<b>Injuries</b> The locking device of the toy does not work properly. In addition, the space between the moving elements is insufficient. The toy highchair could consequently collapse during use, causing injuries.  The product does not comply with the requirements of the Toy Safety Directive and with the relevant European standard EN 71-1.	Recall of the product from end users; Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1749/18	Hungary	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 36% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Recall of the product from end users; Withdrawal of the product from the market
A12/1758/18	France	<b>Bath toy</b>  Country of origin: <b>Morocco</b>		<b>Choking</b> A part of the toy protrudes. A child could put this part of the toy in the mouth, which could block the airways and cause choking.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users
A12/1759/18	France	<b>Soft toy</b>  Country of origin: <b>China</b>		<b>Choking</b> The bell can be detached easily, generating a small part. A small child may put it in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Recall of the product from end users (By: <b>Importer</b> )
A12/1762/18	Cyprus	<b>Toy police set</b>  Country of origin: <b>China</b>		<b>Choking</b> The suction cups can detach from the projectiles. If a child puts the projectile in the mouth, the suction cup may detach and obstruct the airways.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1764/18	Cyprus	<b>Shooting play set</b>  Country of origin: <b>China</b>		<b>Choking</b> The suction cups can easily detach from the projectiles. If a child puts the projectile in the mouth, the suction cup may detach and obstruct the airways.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1766/18	France	<b>Balloons</b>  Country of origin: <b>The Netherlands</b>		<b>Chemical</b> The amount of nitrosamines released by the balloons is too high (measured value up to 0.12mg/kg). Nitrosamines are genotoxic carcinogens via inhalation, ingestion or dermal exposure. A child can get exposed to them by putting the balloon in the mouth.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-12.	Withdrawal of the product from the market
A12/1770/18	Hungary	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 33% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Withdrawal of the product from the market; Withdrawal of the product from the market
A12/1771/18	Hungary	<b>Plastic doll set</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 33% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Recall of the product from end users; Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1772/18	Hungary	<b>Plastic doll set</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 25% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/1774/18	United Kingdom	<b>Doll with accessories</b>  Country of origin: <b>China</b>		<b>Chemical, Suffocation</b> The soft plastic bottle teat contains (2-ethylhexyl) phthalate (DEHP) (measured value: 38.3% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  Moreover, the plastic packaging is too thin. If a child plays with the packaging, the plastic could cover his/her mouth and nose, blocking the airways.  The product does not comply with the REACH Regulation, the Toy Safety Directive and the relevant European standard EN 71-1.	Modification of the product: removal of the baby bottle and plastic packaging (By: <b>Importer</b> )
A12/1777/18	United Kingdom	<b>Musical toy</b>  Country of origin: <b>China</b>		<b>Choking</b> The triangle has a rubber loop attached so that it can be held up. This loop can easily come off the triangle, generating a small part. A small child may put the loop in the mouth and choke.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Destruction of the product
A12/1782/18	Cyprus	<b>Toy police set</b>  Country of origin: <b>China</b>		<b>Choking</b> The suction cups of the projectiles can easily detach. If a child puts the projectile in the mouth and the suction cup detaches, it could obstruct the airways.  The product does not comply with the requirements of the Toy Safety Directive or the relevant European standard EN 71-1.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1783/18	France	<b>Balloons</b>  Country of origin: <b>Belgium</b>		<b>Chemical</b> The amount of nitrosatable substances (measured value up to 2.8mg/kg) released by the balloons is too high. Nitrosatable compounds can be converted into nitrosamines, which are genotoxic carcinogens via inhalation, ingestion or dermal exposure. A child can get exposed to them by putting the balloon in the mouth.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-12.	Recall of the product from end users
A12/1784/18	Cyprus	<b>Toy shooting set</b>  Country of origin: <b>China</b>		<b>Choking</b> The suction cups of the projectiles can easily detach. If a child puts the projectile in the mouth and the suction cup detaches, it could obstruct the airways.  The product does not comply with the requirements of the Toy Safety Directive or the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1785/18	Cyprus	<b>Toy shooting set</b>  Country of origin: <b>China</b>		<b>Choking</b> The suction cup of the projectile can easily detach. If a child puts the projectile in the mouth and the suction cup detaches, it could obstruct the airways.  The product does not comply with the requirements of the Toy Safety Directive or the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1786/18	Poland	<b>Musical toy instruments</b>  Country of origin: <b>China</b>		<b>Choking, Cuts, Strangulation</b> Small parts detach from the toy and the rattle's handle is too long, which may lead to choking if small children put them in the mouth. Furthermore, the toy has sharp edges that may cause cuts.  The attached strap to the guitar does not have a quick release mechanism, leading to a risk of strangulation.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Destruction of the product (By: <b>Importer</b> )

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1790/18	Poland	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the toy contains 2-ethylhexyl phthalate (DEHP) (measured value: 15.8% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Destruction of the product (By: <b>Importer</b> )
A12/1791/18	Poland	<b>Plastic rattle</b>  Country of origin: <b>China</b>		<b>Choking</b> The handle of the rattle is too long. Also the toy can easily break, releasing small parts. A child may put the handle or the small pieces in the mouth and choke on them.  The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Destruction of the product (By: <b>Importer</b> )
A12/1792/18	Poland	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the toy contains 2-ethylhexyl phthalate (DEHP) (measured value: 31.3% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Withdrawal of the product from the market (By: <b>Importer</b> )
A12/1799/18	Hungary	<b>Plastic doll with accessories</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 33% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Recall of the product from end users; Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1800/18	Hungary	<b>Plastic doll</b>  Country of origin: <b>China</b>		<b>Chemical</b> The plastic material of the doll's head contains 2-ethylhexyl phthalate (DEHP) (measured value: 37% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system.  The product does not comply with the REACH Regulation.	Recall of the product from end users; Withdrawal of the product from the market

## RAPEX – Rapid Exchange of Information System

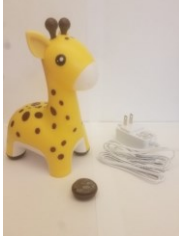

The Rapid Alert System enables the rapid exchange of information (RAPEX) between [31 European countries](#) and the European Commission on non- food dangerous products found on the market posing a risk to health and safety of consumers.

A weekly overview of the alerts on those products is published in English for free on <http://ec.europa.eu/rapex>. The measures taken in the notifying country in order to restrict their marketing or use can be ordered by national authorities ("compulsory measures") or be taken directly by producers and distributors ("voluntary measures").

The official contact points of the Member and EFTA-EEA States provide the information published in these weekly overviews. Under the terms of Annex II.10 of the General Product Safety Directive ([2001/95/EC](#)) responsibility for the information provided lies with the notifying party. The Commission does not take any responsibility for the accuracy of the information provided.

## Recall Summary – US Toys / Children’s Products

### CPSC Recall List (Nov 2018)

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
19-034	U.S.	<b>Girl’s clothing sets with pendant necklace</b>  Country of origin: <b>China</b>		<b>Chemical</b> The metal pendant on the necklace contains levels of lead that exceed the federal lead content ban. Lead is toxic if ingested by young children and can cause adverse health issues.	Consumers should immediately stop using the necklace from the recalled clothing sets, take it away from children and return it to the place of purchase for a full refund.
19-718	U.S.	<b>Nightlights</b>  Country of origin: <b>China</b>		<b>Choking</b> The small feet on the giraffe-shaped nightlight can detach, posing a choking hazard to small children.	Consumers should immediately stop using the recalled nightlights and contact the importer for a full refund. The importer is contacting all known purchasers directly.

### CPSC

The United States Consumer Product Safety Commission (CPSC) is an independent agency of the United States government. To provide better service in alerting the American people to unsafe, hazardous or defective products, a “one stop shop” for U.S. Government recalls, [www.recalls.gov](http://www.recalls.gov), has been created. Publics can report unsafe products to CPSC by using the platform.

The recall list is divided into seven categories: Consumer Products, Motor Vehicles, Boats, Food, Medicine, Cosmetics and Environmental Products. Generally, the recall was conducted, voluntarily by the company, under CPSC’s Fast Track Recall program. Fast Track recalls are initiated by firms who commit to work with CPSC to quickly announce the recall and remedy to protect consumers.

## Recall Summary – Australia Toys / Children’s Products

### ACCC Recall List (Nov 2018)

PRA No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
2018/17104	Australia	<b>Silicon teether</b>		<b>Choking, Suffocation</b> The product may get lodged in an infant's throat and pose a choking or suffocation hazard.	Consumers should immediately stop using the product and contact the seller to receive a full refund.
2018/17105	Australia	<b>Water Beads</b>		<b>Choking</b> If swallowed, the balls can lead to internal injuries and even death. The balls may pose a choking hazard to young children.	Consumers who purchased the product believing that it was suitable for children can return the product to the seller to receive a full refund.
2018/17162	Australia	<b>Baby bibs</b>		<b>Choking</b> If the care label becomes detached from the bib, it may pose a choking hazard if ingested by a baby.	Consumers should cut off the care labels or return the product to the seller for a full refund or exchange.

### Australian Product Safety System

The Australian product safety system is established to maximize the safety of consumer goods by the cooperation of consumers, businesses and agencies. This policy sets out the principles adopted by the Australian Competition and Consumer Commission (ACCC) for prioritizing and addressing product safety risks.

Under the Australian Consumer Law, a responsible Minister can order a compulsory recall when there are hazards on the products. A voluntary recall could be conducted to remove the product from the marketplace when the suppliers become aware of unsafe or defective products.

The ACCC administers a national recalls system for recalls of specific and general consumer products, and publishes all product recalls on the website <https://www.productsafety.gov.au/recalls>.

**STC (The Hong Kong Standards and Testing Centre) is a not-for-profit, independent testing, inspection and certification organization. With a global network of ISO/IEC 17025 accredited testing laboratories and over 50 years of experience in consumer product testing, we can meet your conformity assessment needs with highly efficient and reliable service. Our testing scope and capabilities related to toys and children's products include but are not limited to:**

### **EU Requirements**

- EN 71
- Phthalates (EC) no. 1907/2006
- Nickel Release (EC) no. 1907/2006
- Total Cadmium (EEC) no. 91/338
- Lead in Jewellery product (EC) no. 836/2012
- Azo-dye (EC) no. 1907/2006
- Bisphenol-A (2014/81/EU)
- DMF (Dimethylfumarate) (EU) no. 2011/135
- Flame retardants TCEP, TCPP, TDCP (2014/79/EU)
- Package Waste Directive (94/62/EC)

### **US & Canada Requirements**

- ASTM F963
- CPSIA
- California Proposition 65
- 16 CFR 1501
- ASTM F2923 (Children's jewellery)
- ASTM F2999 (Adult's jewellery)
- US Toxic in Packaging Clearinghouse (TPCH)
- CCPSA - Toys Regulations (SOR/2011-17)

### **Japan Requirements**

- Japan Toy Safety Standard (ST)
- Japan Food Sanitation Law (JFSL)

### **Australia Requirements**

- AS/NZS 8124
- Consumer Protection Notice No. 6 of 2010 - DEHP
